HIV and Transgender Health

Date:
Thursday, 11th March 2027

Suitable for:
HIV s100 prescribers and medical practitioners based in QLD.

Time: 7:00 – 8:00pm (AEST)

Location: Online - Zoom

This 1-hour session explores topics highlighted in the annual HIV s100 Prescriber Renewal Survey, focusing on areas identified as priorities by prescribers. Through case-based discussions and expert presentations, participants will review emerging evidence, apply updated clinical guidance, and strengthen person-centred approaches to optimise care for people living with HIV. This session will focus on HIV and transgender health.

This course is for healthcare professionals practicing in QLD. While others are welcome to register, please note some content will be specific to QLD.

Learning Outcomes

On completion of this course and its components, participants will be able to:

- Analyse the health needs and HIV-related risk factors of a transgender individual
- Identify possible barriers to HIV prevention, testing and treatment experienced by a transgender individual, including stigma, discrimination and challenges accessing gender-affirming healthcare.
- Counsel appropriate, evidence-based and culturally safe interventions to support HIV prevention, testing, treatment and ongoing healthcare for the transgender individual.

Featured speakers

- Dr Jane Macleod | Advanced Trainee Sexual Health Medicine | Gold Coast Sexual Health Service

Endorsement and CPD

- Endorsement is currently pending. This activity may be suitable for self-claiming CPD hours with your professional body. An estimated equivalent of 1 CPD hours applies. A statement of attendance will be provided for full attendees.
- *Accredited HIV Prescribers attending in full will also receive 2 HIV Prescriber Points.*
