Contemporary HIV management in Australasia

The [2017 Art of ART Meeting](#), held in Melbourne, Australia, was a series of plenary sessions and interactive workshops for S100 prescribers, nurses and pharmacists with a focus on the nuances of ART prescribing and contemporary HIV management in Australasia.

This meeting focused on the following key themes:

1. Improving The HIV Care Cascade
2. Increase uptake in testing
3. Triple Therapy Might Not Be The Only Answer
4. Crystal Methamphetamine (CMA) Use in HIV Negative and HIV Positive GBM (Chemsex)
5. STI Challenges in the Era of HIV Biomedical Prevention

ASHM is pleased to offer you a summary of key learnings from this meeting now available:

ASHM offers Continuing Professional Development in HIV, Viral Hepatitis and Sexual Health education as well as producing a range of resources to enhance clinical practice (examples below). [Access them via our website](#)

HIV Management in Australasia

Our invaluable clinical monograph is an essential teaching tool in training programs for participants and educators and is now available as a website

ASHM Australian HIV Pre-exposure Prophylaxis (PrEP) Clinical Guidelines

These guidelines are written for clinicians who will be initiating PrEP and monitoring people taking PrEP and are designed to reflect Australia's unique epidemiology.

Post-Exposure Prophylaxis

after Non-Occupational and Occupational exposure to HIV

CIRCULATION INFORMATION

ASHM is a peak professional society representing a multidisciplinary health workforce in HIV, viral hepatitis and sexual health. We have a membership of over 1500 and under 50 organisational members providing reach to a large majority of health care worker activity involved in the sector.

You are receiving this email because you are an ASHM member or an affiliate through the organisational member program who has indicated an interest in **HIV Education**. This is our principal way to keep you informed about matters in which you indicate an interest. This email was sent to a targeted group of **5,941**.

You can change the kinds of email alerts you receive at any time by logging in to my.ashm.org.au and re-selecting your interest preferences. Alternatively, change your general subscription [here](#).
