viral hepatitis & sexual health workforce

NSW Hepatitis B Clinical Update for Nurses & Midwives

Topic: *Perinatal and infant prevention and care of hepatitis B*

Date: Wednesday, 22 November 2023

Time: 6:30pm – 8:30pm (AEDT)

Virtual Attendance: Online – Zoom

ASHM is pleased to provide this course that dives deep into core elements of a nurse and midwife's scope of practice relating to hepatitis B. This course will discuss hepatitis B prevention, diagnosis, management and care from pregnancy to birth and infancy.

Target Audience

Nurses and midwives working in NSW who see patients living with HBV or from high-prevalence populations and have previous experience and knowledge of hepatitis B.

Speakers & Facilitators

Kristen McKee - *Clinical Nurse Consultant, Royal Prince Alfred Hospital & Vice President of the Australasian Hepatology Association*

Suresh Sharma – *Nurse Practitioner, John Hunter Hospital*

Jessica Lam – *Clinical Midwifery Educator, Royal North Shore Hospital*

Learning Outcomes

At the end of this course participants will be able to:

- Describe the importance of inclusive, person-centred and culturally safe care in the management of hepatitis B patients
- Discuss the role of nurses and midwives using evidence-based care for people living with hepatitis B
- Identify opportunities for quality improvement activities within practice with regards to hepatitis B management
