Sexual & Reproductive Health in Primary Care

Dates and Times:

Part 1: Saturday, 13 April 2024 | 9:30am – 12:30pm (AEST)

Part 2: Saturday, 20 April 2024 | 9:30am – 12:30pm (AEST)

Virtual Attendance: Online - Zoom

This two-part online course aims to provide practitioners with an overview of sexual and reproductive health care in general practice, covering sexual health, sexual history taking, STI screening, contraception and unintended pregnancy. This training also discusses how STI screening can be integrated into contraception and unintended pregnancy consultations.

Target Audience

GPs, GP registrars, nurse practitioners, practice nurses, and other health professionals working in primary care settings.

Speakers

- Cherie Bennett, *Medical Educator, ASHM*
- Dr Caran Cheung, *General Practitioner, Mascot Medical*
- Dr Caroline Harvey, *SRH GP, Co-Director Iris Education*
- Lucy Cho, *Chief Medical Officer, Kirkton Road Centre*

Learning Outcomes

- Describe the components of sexual health
- Implement effective sexual history taking
- Integrate evidence based STI screening into practice
- Define current contraceptive options and their relevant counselling points
- Demonstrate an approach to unplanned pregnancy including counselling and discussion of options
