Developing a sustainable HIV,
viral hepatitis & sexual health workforce

NSW/ACT Culturally Responsive Care & Hepatitis B

Description

This webinar for primary care providers, including Medical Practitioners and Nursing Professionals, aims to improve knowledge and confidence in supporting and caring for patients from migrant and refugee communities.

Date: Wednesday 15 May 2024

Time: 6:30pm – 8:30pm (AEST)

Virtual Attendance: Online – Zoom

Target Audience

General Practitioners, Nurse Practitioners, Nurses & any interested healthcare workers in NSW.

Speakers

- Nada Andric – General Practitioner, The Haymarket Foundation
- Joanne Wang – Hepatology Clinical Nurses Consultant, Royal North Shore Hospital
- Nooria Mehraby – Senior Clinician/Clinical Trainer, NSW Service for the Treatment and Rehabilitation of Torture and Trauma Survivors (STARTTS)

Learning Outcomes

- Demonstrate the challenges and barriers experienced by people from migrant and refugee backgrounds who are living with CHB.
- Outline the importance of providing culturally responsive and trauma-informed health care, including working with interpreters.
- Contrast the trajectories of hepatitis B disease in people from CALD backgrounds compared to people born in Australia.
- Describe the different biopsychosocial considerations faced by people from CALD communities living with CHB across their life span.
