Developing a sustainable HIV,
viral hepatitis & sexual health workforce

Hepatitis C for Nurses and Midwives

Date: Tuesday, 11 June 2024

Time:

- 12:30pm – 3:30pm (AEST)
- 12:00pm – 3:00pm (ACST)
- 10:30am – 1:30pm (AWST)

Virtual Attendance: Online – Zoom

This free training course provides nurses and midwives with the knowledge and confidence to increase screening and management of hepatitis C in primary care settings.

Target Audience

This training is for nurses and midwives working across varied service settings, including general practice and other primary care settings, hospital settings, Correctional settings, Drug and Alcohol services, Sexual/reproductive health services and Aboriginal Community-Controlled Health Organisations.

Speakers

TBC

Learning Outcomes

- Identify when testing/screening for hepatitis C is indicated.
- Interpret hepatitis C test results.
- Discuss required pre-treatment assessments for hepatitis C.
- Determine which treatment, monitoring and follow-up required for hepatitis C.
- Examine the role of the nurse and midwife in models of care for hepatitis C testing, treatment and follow-up.
