NSW Sexual Health and HIV Update

A facilitated webinar discussing emerging issues in sexual health and HIV for NSW-based GPs, GP registrars, nurse practitioners, practice nurses and other health professionals working in primary care settings.

Date and Time:

Date: Monday, 17 June 2024

Time: 6:30pm – 8:00pm (AEST)

Venue: Online

This session will provide a sexual health and HIV update for NSW-based primary care clinicians. The presenters will discuss emerging sexual health and HIV trends, new treatments/clinical practice and guidelines, resources/support available. Content areas will include Syphilis, Doxy-PEP, Long-acting injectable HIV PrEP, and Pelvic inflammatory disease.

The evening webinar will be presented by **Miriam Grotowski**, General Practitioners at *Ochre Health and Senior Lecturer at University of Newcastle Department of Rural Health*, and facilitated by **Cherie Bennet**, Medical Educator (ASHM), Clinical Nurse Specialist (*Sydney Sexual Health Centre*).

Learning Outcomes:

- Awareness of emerging issues/trends, new treatments and clinical practice/guidelines, resources and support available in primary care.
- Provide a forum for clinical practice discussions.
- Assess the recommendations to overcome barriers for implementing new clinical practice guidelines, resources and support available to primary care clinicians.
