HIV and STI Testing and Cultural Appropriate Care

A facilitated webinar discussing culturally appropriate care in HIV and STI testing. Includes how to access to HIV testing via HIVtest.au.

Date, Time & Venue:

Date: Monday, 27 May 2024

Time: 7:00pm – 8:00pm (ACST)

Virtual Attendance: Online – Teams

Target Audience:

All NT practitioners who want to be able to test and diagnose HIV and other STIs in a culturally appropriate manner and learn about NAPWHA's HIVtest.au initiative.

Learning Outcomes:

- Interpret a positive HIV test, and what other STI diagnostic tests are required
- Recall who to contact in NT to get patient started on ARV
- Outline how to give a culturally aware diagnosis
- Describe the HIVtest.au ordering process to patients

Speakers:

Shauna Hall, Nurse Practitioner, *Royal Darwin Hospital*

Dale Thompsom, Nurse Practitioner, *Royal Darwin Hospital*

Beau Newham, HIVtest.au representative, *NAPWHA*
