NSW Nursing Update: HIV and Aging

Tuesday 28 May 2024 6:00pm-7:00pm (AEST)

Online, via Teams

This 60-minute webinar will provide nurses in primary care with evidence and information for routine care for people living and aging with HIV. Participants will hear from clinical experts in HIV and representatives of NSW peer-lead organisations and learn how to increase the delivery of care.

Learning Outcomes:

- Identify evidence behind routine care for people living and aging with HIV.
- Describe the unique barriers to care that people living and aging with HIV experience in NSW.
- Increase working collaboration with NSW statewide services, including peer organisations to partner in the delivery of care.
- Describe successful care engagement and retention with Loss to Follow-Up.
