viral hepatitis & sexual health workforce

# Hepatitis C for Nurses and Midwives

**Date:** Tuesday 25 June 2024

**Time:** 10am – 1:00pm (AEST)

**Virtual Attendance:** Online – Zoom

This free training course provides nurses and midwives with the knowledge and confidence to increase screening and management of hepatitis C in primary care settings.

## Target Audience

This training is for nurses and midwives working across varied service settings, including general practice and other primary care settings, hospital settings, Correctional settings, Drug and Alcohol services, Sexual/reproductive health services and Aboriginal Community-Controlled Health Organisations.

## Speakers

Jana van der Jagt, Hepatology Nurse Practitioner, North Coast Population & Public Health Directorate  
Angela Brown, Midwifery Program Director & Senior Lecturer, UniSA Adelaide  
Kiah, Lived Experience Speaker, Hepatitis NSW (TBC)

## Learning Outcomes

- Identify when testing/screening for hepatitis C is indicated.
- Interpret hepatitis C test results.
- Discuss required pre-treatment assessments for hepatitis C.
- Determine which treatment, monitoring and follow-up required for hepatitis C.
- Examine the role of the nurse and midwife in models of care for hepatitis C testing, treatment and follow-up.
