Developing a sustainable HIV,
viral hepatitis & sexual health workforce

QLD Quality of Life for People Living with HIV Webinar

Date: Thursday 20 June 2024

Time: 7:00pm – 8:00pm (AEST)

Venue: Online, via Teams

This webinar has been developed to provide health care professionals with the necessary skills and tools to treat people living with HIV with respect, dignity and compassion, and where quality of life is considered just as important as medical intervention.

People living with HIV often experience stigma and discrimination because of their diagnosis and thus are at risk of their quality of life being severely impacted. It is of utmost importance to treat people living with HIV as more than patients, but as people first and foremost.

Target Audience:

This webinar is designed for General Practitioners and Nurses working in Queensland who may be involved in the care of people living with HIV.

Speaker:

Dr Ian Anderson – Registrar, Cairns Sexual Health Service

Funding Information:

This activity is funded by Queensland Health.
