Developing a sustainable HIV,
viral hepatitis & sexual health workforce

Culturally Responsive Care and Hepatitis B

Description

This webinar aims to help equip primary health practitioners and other healthcare workers with knowledge and strategies for providing culturally responsive CHB management and care to migrant and refugee patients.

Date: Thursday 22nd August 2024

Time: 6:00pm – 8:00pm (AWST)

Virtual Attendance: Online – Teams

Target Audience

General Practitioners, Nurse Practitioners, Nurses and other interested healthcare workers in WA.

Speakers

- Dr Fen Chin, General Practitioner
- Ali Lori, Clinic care coordinator, Hepatitis WA
- Brenda Kamua, Clinical nurse manager

Learning Outcomes

- Identify the challenges and barriers experienced by people from migrant and refugee backgrounds who are living with CHB.
- Outline the importance of providing culturally responsive and trauma-informed health care, including working with interpreters
- Contrast the trajectories of hepatitis B disease in people from CALD backgrounds compared to people born in Australia.
- Review effective strategies to improve health outcomes for people from CALD communities living with CHB
