Developing a sustainable HIV,
viral hepatitis & sexual health workforce

Hepatitis C in NSP Settings

Do you work with People Who Use Drugs?
Join us for this free workshop to support your role in
eliminating hepatitis C!

Date: Tuesday, 26 November 2024

Time: 10:00am – 1:00pm (AEDT).

Venue: SKYE Suites Parramatta, 30 Hunter St, Parramatta NSW 2150.

All course material and morning tea/lunch will be provided. Lunch will begin at 1pm.

Join our interactive course on HCV care and management!

Frontline workers who work with People Who Use Drugs and in NSP settings have a crucial and unique role to play in eliminating hep C. By sharing messages about testing and treatment, you can support people to protect their health.

This free face-to-face workshop aims to provide participants with the confidence to initiate conversations around hepatitis C in the NSP setting.

Speakers

Gary Keogh, Clinical Nurse Consultant, Drug Health Services, South Western Sydney Local Health District
Christine Malate, A/Clinical Nurse Consultant, NSP, Kelly Close Services, Western Sydney Local Health District

Target audience

Frontline workers in primary, secondary and pharmacy NSP services; including health education officers, peer support workers, needle and syringe program workers, social workers, nurses, administration officers, pharmacists, and pharmacy assistants.

Learning outcomes

- Describe risk factors for hep C, enabling discussions with people around prevention and harm reduction
- Describe hep C testing and liver disease assessment
- Recognise the treatment options for hep C
- Identify your local referral pathways for linking people to hep C testing and treatment
- Communicate confidently with people about hep C testing, treatment, and follow-up processes in the NSP
