viral hepatitis & sexual health workforce

# Curing Hepatitis C in Primary Care

**Date:** Monday, 31 March 2025

**Time Zones:**

- 6:30pm – 8:30pm (AEDT)
- 5:30pm – 7:30pm (AEST)
- 6:00pm – 8:00pm (ACDT)
- 5:00pm – 7:00pm (ACST)
- 3:30pm – 5:30pm (AWST)

**Virtual Attendance:** Online – Microsoft Teams

## Description

Join our interactive course on HCV management in primary care!

This course aims to empower participants with the skills and confidence to diagnose, assess, manage, and treat hepatitis C (HCV) in primary care.

## Target Audience

General practitioners, nurse practitioners, other practitioners prescribing or intending to prescribe s85 direct-acting antiviral medication for HCV in primary care settings in Australia.

## Speakers

Dr David Baker – General Practitioner, East Sydney Doctors, and Clinical Advisor, ASHM

Cherie Bennett – Nurse Practitioner and Medical Educator, ASHM

Esha Leyden – Peer Harm Reduction Worker, Queensland Injectors Health Network

## Learning Outcomes

By the end of this session, participants will be able to:

- Identify when screening and testing for HCV is indicated
- Interpret HCV test results
- Discuss required pre-treatment assessments
- Determine which treatment, monitoring, and follow-up is required.
