Developing a sustainable HIV,
viral hepatitis & sexual health workforce

Hepatitis C for Nurses and Midwives (NSW)

Date: Tuesday, 10 June 2025

Time: 9:30m – 12:30am (AEST)

Virtual Attendance: Online – Microsoft Teams

Description:

This free training course provides nurses and midwives with the knowledge and confidence to increase screening and management of hepatitis C in primary care settings.

Target Audience:

This training is for nurses and midwives working across varied service settings in NSW, including general practice and other primary care settings, hospital settings, Correctional settings, Drug and Alcohol services, Sexual/reproductive health services and Aboriginal Community-Controlled Health Organisations. Nurses and midwives working outside of NSW are also welcome to register, capacity permitting.

Speakers:

- Jana van der Jagt- Hepatology Nurse Practitioner, North Coast Population & Public Health Directorate
- George Keogh- Clinical Nurse Consultant, Blood Borne Virus (Grade 2), South Western Sydney Drug Health Services
- *Lived experience speaker- TBC*

Learning Outcomes:

- Identify when testing/screening for hepatitis C is indicated.
- Interpret hepatitis C test results.
- Discuss required pre-treatment assessments for hepatitis C.
- Determine which treatment, monitoring and follow-up required for hepatitis C.
- Examine the role of the nurse and midwife in models of care for hepatitis C testing, treatment and follow-up.
