viral hepatitis & sexual health workforce

QLD HIV & Syphilis: A Wide Bay Update

Date: Thursday, 5 June 2025

Time: 6:00pm – 9:00pm (AEST)

Venue: Burnett Riverside Hotel

7 Quay Street, Bundaberg, QLD, Australia, 4670

Parking available on-site and nearby, including for mobility-impaired accessibility needs.

Did you know there were close to 1,000 cases of syphilis recorded in QLD in 2024 alone?

This evening event is designed to update General Practitioners (GPs) and Nurses on the latest epidemiology, testing and treatment for both HIV and Syphilis. The session will include a case study discussion to explore real-world scenarios, clinical considerations, and best practices in treating HIV and Syphilis.

Attend the free event with complimentary dinner and dessert, earn CPD hours, and get the chance to network with others.

Speakers

Dr. Therese Ryan – Senior Medical Officer at Wide Bay Sexual Health and HIV Service (Q Clinic)

Learning Outcomes

- Describe HIV and Syphilis epidemiology in Australia
- Recall indications for HIV and Syphilis testing and screening
- Discuss Syphilis treatment and management
- Compare the effectiveness and appropriate use of HIV PrEP and PEP
