viral hepatitis & sexual health workforce

QLD Hot Topic Webinar: Enhancing Hepatitis C Responses in AOD Settings: Testing, Treatment & Beyond

Date: Thursday, 26 June 2025

Time: 6:30pm – 8:00pm (AEST)

Virtual Attendance: Online via Teams

Description

QLD Hot Topic Webinar: Enhancing Hepatitis C Responses in AOD Settings: Testing, Treatment & Beyond

Join us for a Queensland specific hot topic webinar to explore how Hepatitis C care is being successfully embedded into Alcohol and Other Drug (AOD) settings to support Australia's hepatitis C elimination goals by 2030.

You will learn from established clinicians doing exciting work on the front lines such as Dr. Jeremy Hayllar, Clinical Director of the Alcohol and Drug Service in North Brisbane, Kylie Page of Queensland Health and Joss O'Loan from the Kombi Clinic. In addition, QUIHN's Peer Harm Reduction Worker Esha Leyden will be discussing her lived experience with accessing care in Queensland.

Target Audience

All healthcare workers in AOD settings, including clinicians and service managers, nurses, AOD worker, Aboriginal and Torres Strait Islander Health Workers, peer workers, and other health professionals working with priority populations in primary care and/or AOD settings.

Speakers

Dr. Jeremy Hayllar, Clinical Director of the Alcohol and Drug Service in North Brisbane

Dr. Joss O'Loan, The Kombi Clinic

Kylie Page, Clinical Nurse at Queensland Health

Esha Leyden, Peer Harm Reduction Worker, QUIHN

Learning Outcomes

- Describe practical models of care that support hepatitis C testing and treatment in AOD settings.
- Identify strategies to reduce stigma and enhance engagement with people accessing AOD services in the context of hepatitis C care.
- Apply insights from peer and frontline perspectives to improve service delivery.
