

NT Hepatitis B S100 Prescriber Course – Face to face

Date: Thursday, 14 August 2025 Time: 9:00am – 4:00pm (ACST) Venue: Desert Knowledge Precinct

Description

Upon successful completion of this free training and the associated case assessment, eligible participants may apply to the relevant state departments of health for authority to prescribe Section 100 (s100) drugs for the management of hepatitis B in Australia.

Target Audience

General Practitioners, Nurse Practitioners, other community based medical practitioners based in NT.

Speakers

Dr Jane Davies, Principal Research Fellow, the Menzies School of Health Research and Co-Director of Infectious Diseases, Royal Darwin Hospital

Dr Kelly Hosking, Director of Sexual Health and Blood Borne Viruses, NT Health & Researcher Menzies School of Health Research

Dr Kelly Banz, GP, s100 Prescriber

Khim Tan, Nurse Practitioner candidate

Learning Outcomes

Participants will learn to:

- Outline the critical role of primary care in the diagnosis, management and treatment of people living with chronic hepatitis B
- Plan long-term care, including guideline-based monitoring and hepatocellular carcinoma screening, for patients with chronic hepatitis B
- Select and prescribe first-line antiviral treatment when clinically indicated
- Identify situations where specialist advice or referral is required
- · Integrate principles of person-centred and culturally competent care into hepatitis B management
