

WA Test and Cure Hepatitis C – What's New in the National Hepatitis C Testing Policy

Date: Weds, 10 September 2025

Time: 6:00pm – 7:30pm AWST

Location: Online - Microsoft Teams

Suitable for: WA-based healthcare providers in primary care and community settings working with priority populations, including General Practitioners, Nurse Practitioners, Nurses, and Aboriginal Health Practitioners and Health Workers.

Point-of-care testing provides results rapidly and can facilitate more immediate access to treatment.

This webinar aims to provide participants with the new updates to the National Hepatitis C Testing Policy for the diagnosis and management of HCV.

The webinar will also cover the various models of implementation of point-of-care testing in WA through case studies.
