

WA Test and Cure Hepatitis C – What's New in the National Hepatitis C Testing Policy

Date: Weds, 10 September 2025

Time: 6:00pm – 7:30pm AWST

Location: Online - Microsoft Teams

Suitable for: WA-based healthcare providers in primary care, including General Practitioners, Nurse Practitioners, Nurses, other Primary Care-based health care workers and community-based services.

Point-of-care testing provides results rapidly and can facilitate more immediate access to treatment.

This webinar aims to provide participants with the new updates to the National Hepatitis C Testing Policy, including high-quality point-of-care testing for HCV antibodies and HCV RNA for the diagnosis and management of HCV. The webinar will also cover the various models of implementation of point-of-care testing in WA through case studies.

This organisation is an RACGP-accredited CPD Provider under the RACGP CPD Program
