Developing a sustainable HIV,  
viral hepatitis & sexual health workforce

## Emerging BBV/STI Threats and Opportunities in NSW

**Date:** Tuesday, 12 August 2025

**Time:** 7:00pm – 8:00pm (AEST)

**Platform:** Online via Teams

60-minute webinar focused on Emerging BBV and STI threats and opportunities for NSW-based primary care clinicians in NSW.

### Target Audience

GPs, Nurses, Midwives, Emergency Healthcare Workers, Homeless Healthcare workers, Community Based Practitioners, Primary Healthcare workers, Aboriginal and Torres Strait Islander Healthcare Workers, and those in the Sexual Health Workforce.

### Speakers

- Dr. Andrew Grulich, Epidemiologist and Public health Physician, UNSW Sydney
- Dr. Catriona Ooi, Sexual Health Physician, Royal North Shore Hospital Sydney
- Dr. Catriona Bradshaw, Sexual Health Physician, Melbourne Sexual Health Centre

### Learning Outcomes

- Identify best practices for prescribing and managing Doxy-PEP for patients
- Understand the impact of Antimicrobial Resistance (AMR) on gonorrhoea treatment
- Increased understanding of partner treatment in BV management
- Increased understanding of risk factors of anal cancer and Anal Cancer Screening Guidelines
- Examine the routes of transmission, prevention, and mitigation strategies for mpox
- List new resources and guidelines that support the effective management of STIs in NSW
