viral hepatitis & sexual health workforce

Curing Hepatitis C in Primary Care

Date: Thursday, 25 September 2025

Time: 6:30pm – 8:30pm (AWST)

Virtual Attendance: Online

Description

Join our **interactive course on HCV management in primary care!** This course aims to empower participants with the skills and confidence to diagnose, assess, manage, and treat hepatitis C (HCV) in primary care.

Target Audience

General practitioners, nurse practitioners, other practitioners prescribing or intending to prescribe s85 direct-acting antiviral medication for HCV in primary care settings in Australia.

Nurses involved in the assessment and work-up of patients for treatment are also encouraged to attend

Speakers

Claire Italiano, Infectious Disease Physician, Royal Perth Hospital

Adam Gregson, Nurse Practitioner, Royal Perth Hospital

Learning Outcomes

- Identify when screening and testing for HCV is indicated
- Interpret HCV test results
- Discuss required pre-treatment assessments
- Determine which treatment, monitoring, and follow-up is required.

Course Components

- Completion of the pre-course survey
- Completion of the Optional Pre-course Online Learning Module
- Attendance at the 2-hour interactive webinar
- Completion of the post course survey
