

QLD Hepatitis B for Nurses and Midwives

-  **Date:**
Part 1: Tuesday, 18 November 2025
Part 2: Tuesday, 25 November 2025
-  **Time:**
Part 1: 6:30pm – 8:30pm AEST
Part 2: 6:30pm – 8:30pm AEST
-  **Suitable for:** Nursing and Midwifery Professionals working with patients at risk of or living with hepatitis B.
-  **Location:** Online via Teams

This course will provide Nursing and Midwifery Professionals with advanced practical skills and knowledge in hepatitis B nursing.

The course is delivered in two 2-hour sessions. The first session includes presentations that introduce the epidemiology of hepatitis B, vaccination and prevention, understanding testing, and serology, initial assessment includes Fibro scan assessment and the cultural context of hepatitis B nursing and midwifery.

The second session includes case discussions and presentations on monitoring and management of chronic hepatitis B and HCC surveillance.
