

Hepatitis C in Primary Care

Date: Wed, 05 November 2025

Time: 6:30pm – 8:00pm AEDT

Location: Online - Microsoft Teams

Suitable for:

General Practitioners, primary care nurses, Aboriginal and Torres Strait Islander Health Workers or Practitioners, and other health care providers who see people at risk of, or living with, hepatitis C.

Hepatitis C treatment is simple and highly effective!

Primary care providers can play a crucial role in the elimination of hepatitis C in Australia by 2030. This 1.5 hour online workshop will provide an overview of the management of hepatitis C in primary care settings. Topics covered include the impact of hepatitis C-related stigma and discrimination, case finding, testing and diagnosis, assessment, treatment and monitoring.

Endorsement & CPD

This course has been approved as a CPD activity by RACGP for the 2023-2025 triennium for 1.5 Educational Activity hours. RACGP Activity Number: 484630
