

Spotlight on Ocular Syphilis

Date: Thursday, 30 October 2025

Time: 6:00pm - 7:00pm AEDT
5:30pm - 6:30pm ACDT
5:00pm - 6:00pm AEST
4:30pm - 5:30pm ACST
3:00pm - 4:00pm AWST

Location: Online - Microsoft Teams

Suitable for: Ophthalmologists, Optometrists, Doctors, and any healthcare worker that is interested in ocular syphilis

This 1-hour webinar in collaboration with Royal Australian and New Zealand College of Ophthalmologists (RANZCO) will guide clinicians through recognising when to consider ocular syphilis in the differential diagnosis, highlight the common clinical features to look out for, and build confidence in interpreting syphilis serology results.

Featured speakers

- **Peter McCluskey AO** - President (RANZCO), Director of Save Sight Institute (Sydney Eye Hospital), Professor and Chair of Ophthalmology (USYD)

Learning Outcomes

1. Understand when to consider ocular syphilis in the differential diagnosis
2. Recognise common clinical features of ocular syphilis
3. Understand how to interpret syphilis serology results

*This course has been approved as a CPD activity by RANZCO.
Educational Activities: 1 hour, Reviewing Performance: 1 hour*
