

National Webinar on Viral Hepatitis Co-Infections (Hepatitis Delta HDV)

Date: Monday, 17 November 2025

Time:

- 6:00pm – 7.30pm (AEDT)
- 5:30pm – 7:00pm (ACDT)
- 5:00pm – 6:30pm (AEST)
- 4:30pm – 6:00pm (ACST)
- 3:00pm – 4:30pm (AWST)

Location: Online via Teams

Suitable for: Health professionals, policymakers, researchers, public health and communities affected by HDV

Attend the National Webinar on Viral Hepatitis Co-Infections to learn more about HDV co-infection from global and regional experts. The webinar will address HDV in relation to both HBV and HCV co-infections and available live and on-demand through ASHM's learning platform.

Featured speakers

- **Dr Alice Lee** — Gastroenterologist & Hepatologist, Clinical Professor Macquarie University, University of Sydney; Senior Staff Specialist at Concord Repatriation General Hospital
- **Dr Jack Wallace** — Senior Research Officer, Burnet Institute
- **Prof. Mark Douglas** — Professor of Infectious Diseases and Hepatic Medicine, The University of Sydney Westmead Clinical School.

After the session, participants can self-submit CPD points using the issued certificate

Learning Outcomes

1. Describe the epidemiology and clinical implications of HDV co-infection.
2. Identify current best practices and strategies for HDV testing and management.
3. Examine global and regional perspectives on HDV care
4. Apply insights to strengthen responses to HDV.
5. Collaborate across disciplines and sectors to address needs and improve outcomes for people affected by HDV.
