

Integrating Sexual Health into AOD Care: Practical Strategies for Nurses and Midwives

**Date:**

Part one: Thursday, 14 May 2026

Part two: Thursday, 18 June 2026

Location: Online - Zoom

Suitable for: Nurses, Midwives and Nurse Practitioners working across Alcohol and Other Drug (AOD) care settings.

Time: 7:30pm – 8:30pm (AEST/AEDT)
9:30pm – 10:30pm (NZDT)

People accessing AOD services often face higher risks of sexually transmissible infections (STIs) and blood-borne viruses (BBVs). Nurses and midwives play a vital role in reducing these risks by integrating sexual health into everyday care.

Presented in collaboration with ASHM – the peak body representing the BBV and STI workforce in Australia - and DANA this two-part webinar series will provide practical insights, real-world examples, and peer perspectives to help you enhance STI and BBV testing, treatment, and engagement in AOD settings. Learn about emerging issues, explore case studies, and innovative nursing models of care.
