

NSW HIV s100 Prescriber Course

Date: Thursday, 16 April 2026 -
Thursday, 7 May 2026

Time: 7:00 pm – 9:00 pm (AEST)

Location: Online - Zoom

Suitable for:

General Practitioners and Nurse Practitioners seeking HIV s100 prescribing rights, as well as tertiary-level clinicians looking to strengthen their knowledge in HIV management

This course is in high demand and priority will be given to General Practitioners and Nurse Practitioners who work in community settings.

This course provides Medical Practitioners and Nurse Practitioners with comprehensive training in the science of human immunodeficiency virus (HIV), current pharmacology, monitoring and treatment, and the complicating factors surrounding HIV management. Through case discussions and facilitated group work, attendees will have an opportunity to discuss practical strategies with peers and specialists.

Upon successful completion of this training and the associated case assessment, eligible participants may apply to the relevant state departments of health for authority to prescribe Section 100 (s100) drugs for the management of HIV in Australia.

Endorsement & CPD
