

NT Hepatitis B Advanced Management and Prescribing

Part 1: Tuesday, 17 March 2026
6:30pm – 7:30 pm (ACST)

Part 2: Tuesday, 24 March 2026
6:30pm – 8:30 pm (ACST)

Location: Online via Zoom

Suitable for: All healthcare professionals working in hepatitis B prevention, testing, monitoring, and management in **NT**.

Accreditation is available to General Practitioners (GPs) and Nurse Practitioners (NPs) only.

Upon successful completion of this free training and the associated case assessment, eligible participants may apply to the relevant state departments of health for authority to prescribe Section 100 (s100) drugs for the management of hepatitis B in Australia.

Learning Outcomes

1. Outline the critical role of primary care in the people living with chronic hepatitis B
2. Plan long-term care for patients with chronic hepatitis B
3. Select and prescribe first-line antiviral treatment when clinically indicated
4. Identify situations where specialist advice or referral is required
5. Integrate principles of person-centred and culturally competent care into hepatitis B management

Featured Speakers

- **Jane Davies** | Principal Research Fellow, the Menzies School of Health Research and Co-Director of Infectious Diseases | Royal Darwin Hospital
- **Marilou Capati** | General Practitioner, Top End Medical Centre
