

# NT Syphilis Testing in Antenatal Settings: Train the Trainer

 **Date:** Wednesday, 22 April 2026

 **Time:** 7:00pm – 9:00pm (ACST)

 **Location:** Online - Zoom

**Suitable for:** Healthcare providers who provide antenatal care, including but not limited to midwives, Aboriginal Healthcare Workers and shared-care GPs, and who are working in a role which enables them to provide training and support to colleagues who also provide antenatal care.

**With syphilis being declared a Communicable Disease Incident of National Significance due to rising case numbers and the re-emergence of congenital syphilis, it's never been more important to address the infection in antenatal care.**

This course is designed for antenatal care providers who are looking to become leaders in their own workplaces on syphilis. You will learn how to support others in your workplace to test, treat and manage syphilis, and ultimately help reduce transmission.

This course has been approved by RACGP for the 2026-28 triennium. Educational Activities: 3.5. Reviewing Performance: 1.0. Activity ID: 1536556.

This course has been approved by ACRRM as an accredited activity. Allocated total 4.5 PDP units: 3.5 Educational Activity and 1 Performance Review.

## Featured speakers

**Dale Thompson**

Nurse Practitioner, Viral Hepatitis, *Chronic Disease Coordination Unit & Menzies School of Health Research*
