# NSW HIV Prescriber Update

**Date:** Tuesday, 16 June, 2026

**Suitable for:** HIV s100 prescribers and medical practitioners based in NSW.

**Time:** 7:00pm - 8:00pm (AEST)

**Location:** Online

This 1-hour session will update HIV s100 prescribers and practitioners on new topics relevant to the management of people living with HIV in 2026. A range of case study topics will be discussed focusing on HIV and substance use

## Featured speakers

- Dr Phillip Read | Director Sexual Health and Blood Borne Virus Services SESLHD/ Director Kirketon Road Centre

## Learning Outcomes

- Assess how substance use impacts HIV risk, disease progression, and treatment adherence in clinical populations.
- Identify clinical signs of substance use and related behaviours that increase HIV transmission risk, including injection practices and sexual risk behaviours.
- Apply evidence-based clinical interventions—such as screening, brief intervention, harm reduction, and integrated HIV/substance use treatment—to improve patient outcomes.

## Endorsement & CPD

Endorsement is currently pending. This activity may be suitable for self-claiming CPD hours with your professional body. An estimated equivalent of 2 CPD hours applies.
