

Viral Hepatitis and Liver Cancer Prevention

Date: Tuesday, 19 May 2026

Time: 6:30pm - 9:00pm (AEST)

Platform: Canberra Rex Hotel, 150 Northbourne Ave, Braddon ACT 2612

Suitable for: ACT-based General Practitioners, other Medical Practitioners, Nurse Practitioners, nursing professionals, and other health care providers.

Join us for a 2-hour, in-person training dinner in Canberra, and strengthen your strategies for viral hepatitis management and liver cancer prevention. This course aims at reducing liver cancer burden by equipping clinicians with knowledge on early diagnosis, linkage to care, antiviral treatment, and effective surveillance of viral hepatitis. **Fully catered and free to attend!**

Learning Outcomes

1. Identify risk factors for HBV, HCV, and Hepatocellular carcinoma (HCC), enabling discussions around prevention.
2. Interpret HBV and HCV test results correctly to improve diagnosis and linkage to care.
3. Explain the role of appropriate HBV and HCV management in the decreased incidence of liver cancer.
4. Describe the recommended HCC screening guidelines.

Featured speakers

- **A/Professor Shiv Chitturi** | Staff Specialist | Canberra Hospital (Gastroenterology & Hepatology Unit)
- **Dr Joan Ericka Flores** | Director of Gastroenterology and Hepatology | Canberra Health Services, ACT Government

Endorsement pending for 2 CPD hours.
