Could It Be HIV? Webinar Series

This webinar series has been developed to increase clinician awareness and use of ASHM's Could It Be HIV? tool in primary and non-HIV specialist care. It will build confidence among medical professionals to integrate indicator-guided HIV testing into routine clinical practice. You will learn about evidence-based HIV testing, who you should be testing, how to start the conversation on HIV in your practice and understanding clinical indicator conditions.

Could It Be HIV? For General Practitioners

Date and Time: Thursday, 16 July 2026, 7pm – 8pm (AEST)
