

The Deadly Sex Congress 2026

Meanjin/Brisbane
21 - 22 October

Join our annual congress for Aboriginal and Torres Strait Islander sexual health workers and practitioners from across Queensland to update your knowledge, build workforce capacity, and share stories.

The Deadly Sex Congress includes updates on current and emerging issues in blood-borne viruses (BBVs) and sexually transmitted infections (STIs), covering topics such as: hepatitis C, HIV, syphilis, harm reduction, contact tracing, men's and women's health, healthy relationships, sexuality and gender diversity, and resource development.

To register, scan the QR code or visit the website [here](#).
