

Hepatitis C in Primary Care - From Diagnosis to Elimination

Beyond the C National Webinar

Date: 28 July 2026

Time: 6:00pm – 8:00pm AEST

Location: Zoom

Suitable for: General practitioners, nurse practitioners, and other practitioners prescribing or intending to prescribe s85 direct-acting antiviral medication for HCV in primary care settings in Australia.

Primary care providers are key to achieving hepatitis C elimination in Australia by 2030.

The webinar aims to support participants to confidently diagnose, assess, manage, and treat hepatitis C, with an introduction to clinical auditing and case finding in primary care.

This webinar is delivered as part of ASHM's national hepatitis C case finding project, [Beyond the C](#).

Featured speakers

- **Dr Samuel Elliot** - Principal GP, Human Care GP
- **Danika Vick** - Peer Treatment Support Worker, Canberra Alliance for Harm Minimisation & Advocacy (CAHMA) & The Connection
- **Anna McCracken** - Practice Nurse, Qualitas Forestville
