

Hepatitis C for Nurses and Midwives

**Dates:**

Thursday, 8 October 2026

**Time:** 5:00pm - 8:00pm (AEDT)**Location:** Online - Zoom**Suitable for:**

This training is for nurses and midwives working across varied service settings, including general practice and other primary care settings, hospital settings, Correctional settings, Drug and Alcohol services, Sexual/reproductive health services and Aboriginal Community-Controlled Health Organisations.

This free training course provides nurses and midwives with the knowledge and confidence to increase screening and management of hepatitis C in primary care settings.

Featured speakers

- Mieken Grant | Viral Hepatitis Educator | St Vincent's Hospital, Melbourne
- Additional speakers TBC

Learning Outcomes

On completion of this course and its components, participants will be able to:

- Identify when testing/screening for HCV is indicated.
- Interpret HCV test results.
- Discuss required pre-treatment assessments for HCV.
- Determine which HCV treatment, monitoring and follow-up required.
- Examine the role of the nurse and midwife in models of care for HCV testing, treatment and follow-up.

Course Components

This course includes assumed knowledge. We highly recommend completing the online [Clinical Foundations of Hepatitis C module](#) prior to enrolment
