

Sexual Health and BBV Management and Care for Nurses and Midwives

**Date:**

Part one: Friday, 30 October 2026

Part two: Saturday, 31 October 2026

Suitable for: Nurses, midwives & nurse practitioners.

Time: 9:00am – 3:30pm (AEDT)

Location: Rydges | Forrest, Canberra

This two-day face to face training course helps nurses and midwives understand the public health aspects and clinical management of common STIs, HIV and hepatitis B. The course helps participants develop confidence in a proactive and practical approach to health care and evidence-based practice.

This activity is endorsed by ASHNA.

Australian College of Midwives CPD Endorsed Activity.

This activity has been endorsed by APNA according to approved quality standards criteria. Completion of these educational activities entitles eligible participants to claim 9.5 CPD hours

Featured speakers

- **Shannon Woodward** - Nurse Practitioner | Canberra Sexual Health Service
