

Hepatitis B Prescriber Update

Date: Tuesday, 3 November 2026

Suitable for: Western Australian Hepatitis B Prescribers

Time: 6.00pm- 7.30pm (AWST)

Location: Online - Zoom

This interactive 90-minute training provides medical and nurse practitioners who prescribe HBV antiviral medications an opportunity to apply their knowledge and skills to practical case studies.

Case scenarios are developed by ASHM clinical advisors or local experts to meet the identified learning needs of medical practitioners, which vary from each State and Territory.

Attendees are also encouraged to submit their own de-identified patient cases for discussion. Please send any cases to donnamaria.youssef@ashm.org.au by 6 September 2026.

This course has been approved as a CPD activity by RACGP.

Educational Activities: 1.5. RACGP Activity Number: 462332

This course has been approved by ACRRM as an accredited activity.

Allocated PDP units: 1.5 Educational hours and 4 additional CPD requirements.

This activity is endorsed by the ACNP for 1.5 CPD hours.

Learning Objectives

On completion of this course and its components, participants will be able to:

- Plan guideline-based monitoring for patients with chronic hepatitis B
- Evaluate chronic hepatitis B patients' suitability for antiviral treatment
- Select and prescribe appropriate first-line antiviral medication for patients with chronic hepatitis B
