

Hepatitis B Prescriber Update

Date: Tuesday, 24 November 2026

Time: 6.30pm- 8.00pm (AEST)

Location: Online - Zoom

Suitable for: Medical and Nurse Practitioners who have previous experience and knowledge of hepatitis B or who manage and prescribe hepatitis B s100 medications

This interactive 90-minute training provides medical and nurse practitioners who prescribe HBV antiviral medications an opportunity to apply their knowledge and skills to practical case studies.

Case scenarios are developed by ASHM clinical advisors or local experts to meet the identified learning needs of medical practitioners, which vary from each State and Territory. Attendees are also encouraged to submit their own, de-identified patient cases for discussion.

RACGP CPD Provider
