

REGIONAL CAPACITY-BUILDING TRAINING:

Module 1 - Programme and Work Plan Governance

This **free** course equips participants with practical skills and guidance on designing, managing and monitoring effective HIV and sexual health projects. The course is delivered by ASHM and PSGDN and is supported by the UNDP Western Pacific Multi-country grant.

Who is it for? People working in the community organisations or healthcare system in the Pacific, especially project managers, coordinators, or anyone interested in project management.

Certificates: Fill in a short survey at the end and get a certificate!

What you'll learn

- ✓ Develop an understanding of the key elements to **robust project design** (problem/solution analysis, stakeholder analysis, theory of change, GEDSI and safeguarding considerations)
- ✓ Gain skills in **identify and mitigate risks** to projects including developing a risk register
- ✓ Learn how to effectively develop and **implement a project workplan**
