

Advanced Gender Affirming Hormone Therapy

**Date & Time:****Part 1:** Tue, 17 November 2026

- 6:30pm – 8:30pm (AEST)

Part 2: Wed, 18 November 2026

- 6:30pm – 8:30pm (AEST)

**Location:** Live Online – Zoom**Suitable for:** Clinicians currently or seeking to prescribe GAHT

This live facilitated two-part course provides clinicians the knowledge and confidence to prescribe gender affirming hormone therapy (GAHT) based on the needs of their patient population utilising an informed consent model. Attendees will be supported to create a gender affirming practice and establish a business model for ongoing financial sustainability.

Learning Outcomes

- Identify the diverse needs of the Trans and Gender Diverse community
- Recommend gender affirming care to meet client needs and achieve desired outcomes.
- Assess and manage gender affirming care in the context of reproductive health.
- Implement gender affirming care utilising an informed consent model.
- Implement practical strategies to embed gender affirming care into practice.
